## Country outcomes

## Select indicators

### Immunization system performance

% districts reporting greater than 80% coverage (DTP3)<sup>1</sup>: **36%**  
 % districts reporting less than 50% coverage (DTP3)<sup>1</sup>: **27%**  
 % dropout DTP3 vs. DTP1<sup>1</sup>: **44%**

1. 2003 Joint Reporting Form, WHO/UNICEF  
 2. 2003 World Health Report, World Health Organization

### Other indicators

% of districts supplied with adequate number of AD syringes<sup>1</sup>: -  
 % wastage for hep B, Hib<sup>1</sup>: -  
**Reported use of cash support**  
 % spent at district level: -

### Financial sustainability

Total expenditure on health as % of GDP<sup>2</sup>: **5.9%**  
 What percentage of routine vaccine costs was financed by the government (including loans)<sup>1</sup>: -  
 % new vaccines paid for by GAVI: -

The Global Alliance for Vaccines and Immunization and its financing arm, The Vaccine Fund, is a partnership dedicated to saving children's lives and protecting people's health through the widespread use of vaccines. Harnessing the strengths and experience of multiple partners in immunization (WHO, UNICEF, the World Bank, the Bill & Melinda Gates Foundation, NGOs, country governments and the vaccine industry), the GAVI partnership provides poor countries with catalytic financial aid and other assistance. GAVI fact sheets are published annually (February) by the GAVI Secretariat and the information contained therein may not be the most up-to-date obtainable. Please contact the Secretariat at [gavi@unicef.org](mailto:gavi@unicef.org) with any questions.
